● ABOUT ME

Data Analyst with a strong foundation in Python, SQL, Power BI, PostgreSQL, MySQL, and data visualization. Currently working at Renewables First, where I analyze large-scale energy datasets, develop PyPSA models for power system analysis, automate data processing workflows, and build dashboards that support data-driven decision-making. My background in Telecommunication Engineering has strengthened my analytical thinking and problem-solving abilities, while my experience in renewable energy analytics has enhanced my expertise in data cleaning, ETL processes, forecasting, statistical analysis, and business intelligence. I am passionate about turning complex data into actionable insights and continuously expanding my skills in analytics, machine learning, and data engineering.

● EDUCATION AND TRAINING

18/01/2021 – 05/01/2025 Jamshoro
B.E TELECOMMUNICATION Mehran University of Engineering & Technology, Jamshoro

Website www.muett.edu.pk | **Field of study** Telecommunication

● WORK EXPERIENCE

DATA ANALYST INTERN – RENEWABLES FIRST – 01/05/2026 – 01/07/2026 – ISLAMABAD

- Develop and maintain PyPSA models for power system analysis.
- Collect, clean, and preprocess large energy datasets.
- Perform data analysis using Python, Pandas, NumPy, and SQL.

CUSTOMER SERVICE OFFICER – SYBRID PVT LTD – 10/07/2025 – 11/12/2025 – KARACHI

- Resolved telecom-related customer queries and provided effective service solutions.
- Strengthened communication, coordination, and problem-solving abilities in a fast-paced environment

QUALITY ENGINEER – PTCL CABLES – 14/02/2025 – 15/06/2025 – HUB

- Performed telecom cable quality control and network testing to ensure product reliability.
- Supported compliance with operational and safety standards across production processes.
- Observed and assisted with fiber splicing, termination, and performance testing.
- Built practical knowledge of telecom cable systems and fiber maintenance procedures.

RADIO INTERN – MUET FM RADIO – 13/06/2024 – 11/08/2024 – JAMSHORO

- Gained hands-on experience with transmission and broadcasting systems.
- Assisted in equipment maintenance and ensured stable, consistent signal quality.
- Developed a practical understanding of radio communication systems.

● PROJECTS

03/01/2024 – 06/12/2024
Enhancing Network Security – Firewall Protection Against IP Fragmentation Attacks

- Conducted in-depth analysis of network vulnerabilities and protection techniques.
- Implemented firewall strategies to mitigate IP fragmentation-based cyber threats.
- Deepened understanding of network protocols and cybersecurity best practices

● SKILLS

Technical

Matlab | Networking testing | Fiber Splicing & Termination | Firewall Configuration

Creative

Content Writing | Graphic design | MS Office

Programming

Python | C++ | Git | SQL

Databases

MySQL | PostgreSql

Data Analysis & Business Intelligence

Visual Studio Code | Jupyter Notebook | Android Studio

Development Tools & IDEs

Power BI | Looker Studio

Others

Statistical Analysis | Data Visualization | Problem Solving

● CONFERENCES AND SEMINARS

05/07/2024 – 08/07/2024 MUET Jamshoro

IEEE : Networking, cybersecurity, and cloud computing, gaining insight into modern telecom infrastructure and security mechanisms
